

# TAILORMED

## TailorMed Express Enroll

Express Enroll enables fully digital enrollment in manufacturer assistance programs directly within TailorMed Platform. Copay and free drug programs for over 70 of the most commonly used orals and IVs are now available—with many more coming soon.

With Express Enroll, you can:

- Easily identify eligible patients who match each program's unique criteria.
- Auto-populate and submit enrollment applications right in the platform.
- Gather electronic signatures via DocuSign (where required).
- Receive approval/denial alerts in-platform and via email.
- **Save between 70%-80% on time spent per application.**
